

POST MORTEM AUTOPSY

A robust collection of instruments designed for thorough and respectful post-mortem examination. Includes rib shears, enterotomes, brain knives, skull chisels, dissecting forceps, and heavy-duty scalpels. Engineered for strength and durability to handle dense tissue and bone, with corrosion-resistant stainless steel that withstands repeated sterilization. Ergonomic, comfortable grips and precisely weighted construction support prolonged, meticulous use in the mortuary setting.

Baron Scalpel Handle

130mm long
