

DIATHERMY / BIPOLAR

Specialized electrosurgical instruments for precise cutting, dissection, and coagulation. Includes monopolar and bipolar forceps, electrodes, handpieces, and connecting cables. Bipolar instruments deliver focused hemostasis with minimal thermal spread for delicate tissue; monopolar options provide versatility for broader dissection. High-grade insulation, ergonomic grips, and reliable conductivity ensure safe, consistent performance and exceptional surgeon control.

Bipolar Forceps

Straight

Fine tip

SC-DIA/034	101mm long
SC-DIA/035	127mm long
SC-DIA/036	152mm long
SC-DIA/037	178mm long
SC-DIA/038	185mm long

Medium tip

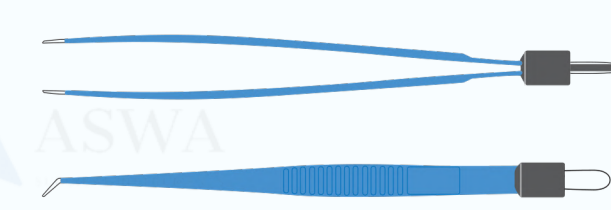

SC-DIA/039	101mm long
